# The John Buck Company Foundation

The John Buck Company Foundation and its governing Civic Involvement Committee ('CIC') support Chicago-area civic and charitable organizations that enrich the quality of life for children and families with a strong emphasis on their education development. The John Buck Company Foundation has donated over \$21 million to support over 400 Chicago-area children and family organizations with a strong commitment to education and well-being of our youth. Additionally, we support organizations which have active employee participation channeling that support in the form of financial contributions and services. The major source of funding for grants and donations is our Annual Spring Fling event and revenue from Spring Fling alone exceeds \$15 million dollars.
